

SURE CLEAN II PORTABLE DECON SHOWER

Sure Clean II is a rapid deployment, portable modular decontamination shower system. Its rugged schedule 80 PVC tubular frame is easily assembled in minutes by a single Operator. Its modular design allows it to be combined with other sure clean frame accessories to form a multitude of versatile configurations. Sure Clean II's reinforced polyethylene canopy resists abrasion and heavy use for years of dependable service. Two door design allows Sure Clean II to be used for walk through two-zone service. Its spacious interior is ideal for level "A" gross decon. An oversized 20 mil reinforced sump provides ample capacity for effluent containment. Sure Clean II comes equipped with 4 high strength polyethylene elevation grids, two full body shower booms with 3 stainless steel nozzles each, two quick disconnect outlets for hand shower or brush utilization and two three way ball valves for solution or fresh water line selection. Supply connections are accomplished by way of 3/4" female garden hose swivel connectors. Sure Clean II disassembles into a conveniently portable package and is stored in a heavy-duty reinforced polyethylene bag.
