

SURE CLEAN VI PORTABLE DECON SHOWER

Sure Clean VI is a rapid deployment, portable modular decontamination shower system. Its rugged schedule 80 PVC tubular frame is easily assembled in minutes by a single Operator. Its modular design allows it to be combined with other sure clean frame accessories to form a multitude of versatile configurations. Sure Clean VI's reinforced polyethylene canopy resists abrasion and heavy use for years of dependable service. Four doors allow Sure Clean VI to be used for two-line multi-zone or non-ambulatory service. Its spacious interior is ideal for level "A" gross-decon. An oversized reinforced vinyl sump provides ample capacity for effluent containment. Sure Clean VI comes equipped with 10 high strength polyethylene elevation grids, two full body shower booms with 3 stainless steel nozzles each, six ¾" garden hose connection outlets for hand shower or brush utilization and four three way ball valves for solution or fresh water line selection. Supply connections are accomplished by way of ¾" female garden hose swivel connectors. Sure Clean VI disassembles into conveniently portable sections and is stored in 3 heavy-duty reinforced vinyl bags.
